

Facilitator Training Calendar 2027

What is Baby Makes 3:

Baby Makes 3 (BM3) is an evidence-based, award-winning education and social change initiative that shapes long-term attitudes and social norms. It challenges rigid gendered expectations in parenting, and builds equal and respectful relationships in families.

The aim of this training:

The aim of the Baby Makes 3 Facilitator Training Program is to provide the knowledge, skills and resources to enable practitioners to effectively co facilitate and deliver the Baby Makes 3 Group Program to new parents.

NOTE: Completion of the three-day training program and successfully passing the assessments is a prerequisite for becoming a Baby Makes 3 facilitator.

Cost:

Cost per Victorian participant is \$850 and \$990 for interstate participant. However, cost can be negotiated if organisations wish to register more than 10 participants.

To book into a three-day training, please contact Sulo Colombage, Sulochana.Colombage@healthability.org.au or call 03 8843 2236.
